“

It's great to attend the conference because you can see how the tool is being applied across industries, get to exchange ideas, see how others are solving the same problems and what the best approach is.

– Artem Parakhine, PwC

The AnyLogic Conference is a great place to learn more about the product and to receive firsthand information from the AnyLogic developers, as well as practitioners with a huge amount of experience.

– Arnd Schirrmann, AirBus Group
